LAW IS FOR PMPLOYERS, TOO.

Violence has coased at Buffalo, Law and order have prevailed in so far as they feet the peace of the community and the protection of property. There is unity now to consider another phase of the general trouble which has been presented through testimony before State Board of Arbitration. It is charged by men who were engaged

in the strike, but who denounce the riot ing, that the Ten-Hour law as applied to the conduct of ateam railways, was violated by corporations against which the strike was directed. This is a matter which interests the public even more vitally than it does the railway laborers. To work employees on the roads for such s continuous length of time that they fail physically under the strain is to menace se lives of passengers. Many times before now such overwork and such failing and these invitations are always accepted.

The charge made at Buffalo against the railway companies must be fully investited. If it is true, the steps prescribed by law, against the corporations, must be promptly taken. In no respect are employers any less bound by the statutes than are their employees.

LOOK DAILY TO THE FRUIT STANDS. Under the personal direction of Dr. BERBE, of the food inspection depart nent, a raid was made yesterday on many fruit stands in the east side districts and a large quantity of decayed and unrips was seized. Undoubtedly the raid achieved a good result for the time. There is the possibility of dire mischief in every unfit unripe pear, peach or apple sold at any stand or store. To prevent the sale of such wares is a duty of the health officers at any time, and is just now in line with the strict precautionary measures being taken

against a cholera visitation. But, to be thoroughly effective, such inspection as was made yesterday should be made daily. Visits once a week even would not be enough to insure perfect results. There should be no opportunity for dealers to dispose "between times" of their unbealthy stock.

CHIFAMEN BEFORE THE CAMERA.

If the law requiring the photographing of Chinamen was passed because Chinamen look so much alike that it is next to impossible to tell them apart, then there can be no hope that the measure will add anything to the art resources of this country. Were it not that the Government wants a souvenir of every Skinner! alant-eyed son of Confucius within its borders in the shape of a cabinet photo of pay, what's the matter now? him, one Bowery achievement in the tographic line would suffice for all. This is part of the comment of Presiod at the Post Office at New York as seconddent McLgop on Chancellor McGua's decision against the Reading combine. It will be noticed that there is a tack of reference to any arrangements "obviously advantageous" to the public or to prices for coal as fair as the people can secure. But these things will come.

"This talk about men giving up their scats in crowded cars to girls just occause they are pretty is all bosh," said one I'm not a bit good-looking, and I know it. but I've had seats offered to me when there were half a dozen prettier women standing up in the same sisle. Preparations are being made at both Canoe Place Inn and Lock Arbour to break up camp. a new days both of these scenes of great interest the past ten weeks will be deserted. | to this original design. Unless the coming contest ends in a draw one of them will be famous as the where the champion of the world did his training.

Sullivan will shake the dust of Good Ground from his feet next Monday morningat least that is the time set by his backer, Charley Johnston, for his departure. Johnston will not tell the exact time that Sullivan leaves, as he wishes to avoid any crowds that 25.00 may be on hand to get a glimpse at the champion when he arrives at Brooklyn.

Johnston will go down to the quiet Long Island village Saturday night and accompany the party, which will consist of Sullivan, Jack Ashton, Casey, Billy Morgan and the Jap, Sullivan's valet, to Brooklyn. On the arrival of the party carriages will

Thursday afternoon from the West Shore de-pot in Hoboken. As has already been told a special train will carry the Bullivan coterie to New Orleans. A car will be fitted up with training apparatus and other things necessary for the big pugilist's comfort. His person will be sacred on the way down, only the inner circle having entree to the private car. There will be a supply of Long Island water and catables besides a cook to prepare Sullivan's food. The party will consist of those already named and Frank Moran, Sullivan's theatrical manager.

The Crescent City will be reached Saturday evening, the route being by way of Buffalo, Cleveland and Cincinnati. The Sullivan headquarters in New Orleans will be 45 Rampart street. He will do his work there at the Young Men's Gympastum.

The Sullivan party will have arrived at its destination by the time Corbett and friends start south. The latter will remain at Loch Arbour until the last minute. Corbett will come up to the city Monday morning, however. He is to meet McCaffrey at Madison Square Garden at 10.30, when arrangements will be made for the four-round boxing contest between the two which is to come off in this city after the return from New Orleans. After the show Monday the big Californian will pass the night at the Coleman House, returning to his training quarters the next afternoon. He will resume training, or, at any rate, do enough to keep him fit and feeling well. He and his party will leave Loch Arbour in time to catch the "Corbett Special." which leaves from the Fennsylvania depot, Jersey City, at 4 o'clock Saturday afternoon. "Pompadour" Jim will also have a special car, fitted up with a punching-bag, weightmachine and other devices to keep him on edge; also a special cuisine, so as to guard against any injury to the inner man. Corbett, Manager Brady, Trainers Delancy, Dillon, Daly and McVey, Mike Donovan, his dog Ned and probably corbetts father will make up the party. The run to New Orleans, it is expected, will take about forty hours, unless a stop should be made en route, perhaps somewhere in Virginia.
